Parking

Please park up your vehicle sensibly in the space directed to you by the parking steward. For everyone's safety we would like to avoid vehicles moving around during the event. If you do need to move for any reason you must only do so with the assistance of a festival marshall.

BBQ's & Firepits

Both fires and BBQ's are permitted on site but both must be elevated from the ground for everyone's safety and as not to damage the grass. Due to recent hot weather and lack of rain the grass is very dry, please take care and be responsible with fires and have an extinguisher close by if possible.

Both fires & BBQ's MUST be attended at all times and need to be completely out before retiring for the night.

SITE INFO

Rubbish & Waste

This is our chance to prove Vanlifers are responsible and mindful of our environment! Especially with 'Leave it Better' being here this year. Last year the litter picking team were redundant as there was no litter – let's do the same this year!

We will provide a rubbish bins for rubbish, please use them sensibly and if you see them overflowing then please take your rubbish back to your van and dispose of it when you get home. Please note there is no grey water disposal.

Toilets

Please see the map for toilets & use these respectfully. There will be an Elsan point this year so please do not empty cassettes into the toilet. Anyone found doing this will be asked to leave. There will also be accessible toilets, the use of these will be restricted to those that need them.

Water

There are several drinking water points located around the main field. At present there are no expected water restrictions for this area.

First Aid

We have very little first aid expertise on site and so we ask you to be mindful of this. We will have a first aid kit in the Vanlife Eats van should you need some basic assistance. The nearest hospital is 6 miles away, Basingstoke and North Hampshire Hospital.

Dummer Down Farm is a family run farm and as such we need to respect the family and their space. There is an area indicated on the map as The Spinney. This is a very sentimental garden for the family and is strictly out of bounds. No-one must enter this part of the field. Thank you.

What would camping be without a BBQ? We would love you bring your own BBQ or firepit, but we ask you to please respect the farmers field that we are using and only use elevated ones as not to scorch the field. CAMPERVAN

If there's one thing vanlifers love (apart from good food) it's showing off their vans and having a nosey in other peoples. Let us know when you arrive if you want to have your van in the showcase. We have taken on board feedback from last year and have reduced the hours the showcase is on. People in the showcase have paid to be at the event too and as such want to enoy their time there also. Please bear this in mind and try to stick to visiting vans within the allocated time slot only. Please do not be offended if you are turned away outside of this time. We know vanlifers are a friendly bunch however, so if you are displaying your van and are happy for others to look around outside of the showcase times, please place the provided green flag outside of your van. This then

indicates you are happy for visitors

This years showcase judge is no other than Liam The Terrible of coalition vans! After converting many vans to a high quality standard he is the man for the job! The winner will be announced on Sunday evening
